It's all about the Boost[™] Walkie-Talkie – unlimited CHIRP[™] now a buck a day!

Nationwide Boost Walkie-Talkie – just \$1.00/day only when you use it. Get in where you fit in with instant access to your friends all day long. Connect with over 17 million people nationwide. It's simple. Use the Boost Walkie-Talkie to communicate faster, and talk to more people, more often. And heavy walkie-talkie users could save lots in comparison to making regular cellular calls.

Your time is Boost Time and every customer has it. Nights and weekends are just 10 cents a minute from 9 pm to 7 am, Monday through Friday and all weekend long. Additional charges apply for Boost 411, Baja California, Mexico roaming and International dialing.

Boost Wireless Web

Your Boost Mobile phone is a mobile Internet source that gives you fast, convenient access to lots of fun things, from IMing your friends with AIM, checking your Hotmail® account, finding movie times or the hottest dance clubs near you and getting the latest sports scores on ESPN.

What else can you do? Well, how about finding a new friend or mate through Boost Hookt or checking out surf and snow conditions in real time. Get all of this unlimited access for just 20 cents a day.

Text Messaging

When you need to communicate on the low, text messaging is the way to move. Just type, send, receive, forward, and save messages right from your phone. Faster than email and cheaper than calling. When you just need to leave a short message text messaging is always convenient and just 10 cents per message to send and FREE to receive.
